_____.

Sub: - Tender of **Supply of online continuous Emission Monitoring system**

Please quote the lowest rates through sealed tender for the following item subject to the Mill terms & conditions overleaf/attached.

Sr. No.	Description	Qty	Rate (In Rs.)
1.	**Supply, Installation, Testing, Commissioning and maintenance of online continuous stack Emission Monitoring system (SPM analyzer)** **Specification** Working principal : laser back-scattering Measured parameter: Particulate matter(Dust/SPM) Optical wavelength : 650nm±20 Measuring range: 0-60 mg/m3 to 0-2000 mg/m3 Zero drift : ±3% F.S./24 Hr Span Drift :±3% F.S./24 Hr Response time : ≤10 second Power supply : 24 V DC , 0.5 A Analog output: 4-20mA Digital output : RS485 communication IP rating : IP65 (Minimum) Working temperature : -30°C to +60°C	**01 SET**	

The Nakodar Co-operative Sugar Mills Ltd, Nakodar (Jalandhar)
Tender form 2026-27

Scope of supplier :

1.Supply of Online Continuous SPM/PM Emission Monitoring System suitable for continuous monitoring of particulate matter from the designated boiler stack of the Mill, complete with analyzer, probe/sensor and all necessary accessories.

2.Installation and commissioning of the complete system at the designated stack, including required mounting arrangements, cables, junction boxes, power supply, earthing and other accessories necessary for satisfactory operation.

3.Supply and installation of Data Logger/Data Acquisition System (DAS) for automatic collection, recording and storage of real-time emission data along with analyzer status/diagnostic data.

4.Integration and successful transmission of real-time SPM/PM emission data to PPCB and CPCB servers through the prescribed protocol/API/data format, as applicable.

5.The system shall have facility for data buffering and automatic retransmission in case of temporary communication/network failure and shall ensure secure/tamper-proof data transmission as per applicable CPCB/PPCB requirements.

6.Complete calibration, testing, validation and performance verification of the system as required under applicable CPCB/PPCB guidelines. Necessary calibration/validation certificates shall be provided.

7.The contractor shall be responsible for successful online connectivity and server integration with PPCB/CPCB and shall rectify any issue related to data transmission during the warranty period without additional cost.

8.Supply of all necessary hardware, software, communication accessories, cables, supports, fittings and other items required for complete and satisfactory operation of the system shall be included in the scope, whether specifically mentioned or not.

9.The contractor shall provide operation & maintenance manual, technical datasheets, calibration certificates, commissioning report and necessary documentation.

10.The contractor shall provide training to Mill personnel regarding operation, monitoring and basic maintenance of the system.

NOTE:The complete system shall be covered under a minimum 12 months comprehensive warranty from the date of successful commissioning. During warranty, repair/replacement of defective components, software support and necessary service visits shall be provided without additional cost.

The contractor shall provide necessary technical/service support for PPCB/CPCB online data transmission during the warranty period and shall ensure satisfactory operation of the system.

The complete system shall comply with the latest applicable CPCB/PPCB guidelines, directions and technical requirements prevailing at the time of installation and commissioning.

The Nakodar Co-operative Sugar Mills Ltd, Nakodar (Jalandhar)
Tender form 2026-27

Scope of Mill :

1.The Mill shall provide suitable space/location and access at the designated stack for installation of the monitoring system.

2.The Mill shall provide the available electrical power supply point near the installation location. Necessary electrical distribution from the available point to the equipment shall be in the contractor's scope.

6.The Mill shall provide available internet/network facility at site.
